NICHOLAS T. LE

Software Developer Intern

(951) 312-6653

 ⊠nleb641999@gmail.com &Tacoma, WA

SUMMARY

An aspiring Software Developer with a focus on frontend languages. While still newer to the coding atmosphere, I have a drive to constantly learn and improve upon my own knowledge of each language, and will translate that same attitude to the work space.

SKILLS

JavaScript Node.js React
HTML CSS MySQL
MongoDB Express.js
Typescript

EXPERIENCE & PROJECTS

BurnWhisper — JavaScript Developer

Nov 2022 - Dec 2022

Worked on models and routes in order for users to create profiles, make posts, and post comments. Also worked on the JavaScript that allowed for the application to run and save data in MySQL.

Fullstack Certification edX - UCLA Extension

Aug 2022 - Present

EDUCATION

Tasty Tunage — API Tester and CSS Styler

Sep 2022 - Oct 2022

Tested different music APIs in order to get the application to properly search sample tracks. Used JavaScript to properly pull data from Spotify and GeniusLyrics API. Worked on CSS for stylizing the application

B.S. in Education University of California,

Sep 2020 - Dec 2022

Riverside

Weather Forecast — JavaScript Developer

Oct 2022

Used JavaScript to properly pull data on the weather using server-side APIs. Allows the user to find weather data on any city they search, and then saves their search history.

A.S in Math and Science

Moreno Valley College Aug 2014 - Jun 2018
